Good Morning,

Just wondering how the WAF or EFA is coming along for the Gold Mine. My big bosses keep asking me about it.

Barbara,

After LT Schmid talked to Mr. Wise we are actually going to Durango
that's 202 a day not 129. Also government rates at hotels in unavailable.

I recalculated and the new approximate for 21 days is: 67580. The no
government rate might raise that number a little more. Just wanted
to keep you in the loop. Hope this is still not an issue.

Good Morning,

I made some calls. As stated before M&IE is 129 per day per person.
Then flights range from 1007-1748, and SUVs for the whole period are 1920 per SUV for 21 days and then a mid-size is 1077\$ per car for 21 days (probably need about 4 cars for 10 people, especially since not everybody will be working at the same places and SUV might be preferable since you might be dealing with river roads).

So, for 21 days if I calculate everything on the higher end to be safe we are looking at:

52500\$

Hopefully I did my math correctly.

Good evening,

I checked the cost. It runs 129\$ per day per person plus
if I airfare. Round trip is probably close to 700\$ which could fluctuate
need to use the other teams to assist.

25k should cover it. Either call or text when the WAF is
on its way. I have people on standby so once I get the WAF we can
start sending folks your way.

Angelique
